Sub: - Review/follow up regarding CPGRAMS Portal grievances and proper functioning of PRO/ facilitation centres-reg.

Sir/Madam,

During recent review meeting held on 09.06.2016 Additional Secretary (MOL&E) has reiterated that the member/complainant in respect of grievances received on CPGRAMS Portal should invariably be personally contacted over phone to ensure that they are fully satisfied with the redressal of their grievances. Hence in this regard it may please be ensured that the Nodal Officer for public grievance/a responsible officer should personally contact the member/complainant after redressal of each grievance received on CPGRAMS Portal for confirmation of satisfactory disposal of the grievance by the office concerned.

2. Further, it has been observed that the facilitation Centres manned by Public Relation Officer in field offices are not functioning properly. Head Office is not only often receiving complaints from the public but also carried out a random check about functioning of PRO cell of various field offices. It was found that either phone calls made to PRO Cell were not being picked up or were continuously going busy. It was also found that in many cases the name and other details of the PRO like phone number etc published in telephone directory on website were not correct. Members have also complained that even when their calls are picked up they do not get satisfactory reply and they are not being connected to senior officers for redressal of their grievances.

3. It may please be noted that these are serious issues concerning the image of the organisation and requires urgent attention at higher level. Hence all RPFCs of field offices and concerned Zonal ACCs are hereby requested to personally verify the functioning status of PROs of all offices under their administrative jurisdiction and take appropriate necessary measures to streamline the working. They are also requested to visit the facilitation centres and PRO area for random check more often and speak to the visitors also for first-hand information and problems faced by them. The officers and staff handling the grievances should be sensitized to deal with the members and complainants in a more polite manner.

4. Therefore it is requested to kindly ensure that the grievance redressal mechanism should be made more effective in field offices. Adequate publicity in print and electronic media on the following information be publicised :-

- (1) Name and Designation of Nodal Officer for Customer Service who has to be RPFC/OIC of the office along with his contact number, fax number and email-Id including mobile number.
- (2) Name of the PRO along with his contact numbers and Fax email-Id.

This issues with the approval of CPFC.

Yours faithfully,

Anita
